

Keeping Families Connected

Understanding Flikshop (for Corrections)

An affordable resource for families and reentry service providers

The Flikshop app allows families the ability to take a photo from their phone, Facebook, or Instagram and send them directly to any person in any jail or prison, anywhere in the US, for as low as \$0.79. Flikshop prints each photo and message on a REAL tangible postcard and ships them directly from their secure printing facility to the jail or prison via United States Postal Service.

Operations Officer

Safety Tech

Our machine learning software scans each photo and message for explicit content including: nudity, known gang signs, drugs, drug paraphernalia, and weapons. **No explicit content!**

Security Friendly

Help eliminate contraband and save time for correctional staff! Each postcard is pre-labeled by housing unit and replaces a postage stamp with metered postage printed directly on the postcard.

Support

Reach out to our staff to ask any questions. One of our dedicated representatives are happy to assist you.

What is Shipped into the Facility?

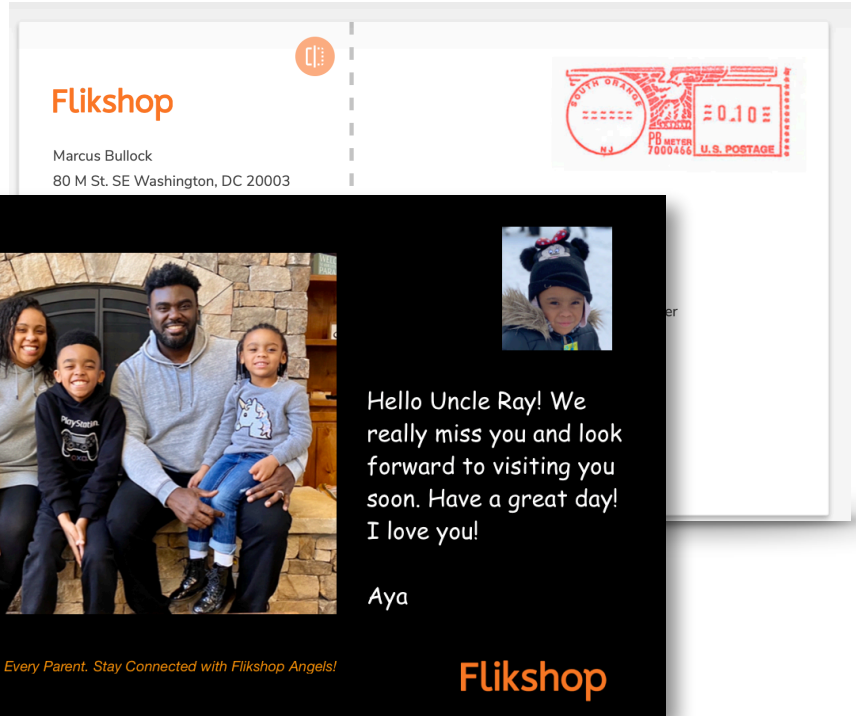

Paper

Gloss (C/2S) with no coating. FSC Certified/SFI Certified (130 lb. Cover; 352 G/M2)

Postage and Ink

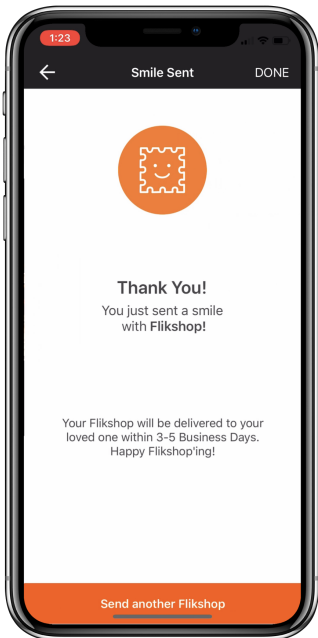

Zero toxicity and water-based ink; metered postage printed directly onto the postcard

No charge to facility. No setup. Nothing to do. Just receive postcards!

As low as \$0.79 per postcard

How does Flikshop work?

- 1 Family** downloads the free Flikshop app or visits flikshop.com to add their photo and message to be delivered to their loved one.
- 2 Flikshop** receives the photo and message, scans each photo and message for explicit content, and prints the postcard to be shipped to the facility via USPS.
- 3 Facility** receives the Flikshop postcard with the Name, ID #, and Housing Unit clearly printed on the postcard to be delivered at mail call.
